Shelley Niedzwiecki

ABOUT

Shelley has been in real estate since February 2000. Bay City real estate has been a passion for her since childhood when she would tag along with her mother performing her duties as a housing rehabilitation specialist for the City Of Bay City. The beautiful antique architecture of our community caught her eye at an early age, and the act of helping those in her community secure adequate housing has driven her to provide excellent customer service with a personal, caring touch.

When she's not selling homes, you'll find her out & about in Bay City walking her two Labradors, biking, or running. Shelley is an active member of the Bay County Rail Trail Committee, is the immediate past director of the Opportunity Center Advisory Board, and is also past president of the Bay County REALTOR Association & the 2019/2020 REALTOR of the Year.

Shelley believes each buyer & seller are unique, at different stages in their lives, and deserves individual attention & care, but with the same drive to get the best deal for all. Kindness goes a long way in not only the business world but also in making friends for life!
