"I moved to Manistee in 2005 from Royal Oak, Michigan but grew up in Lake Orion, Michigan. I used to visit family in Manistee as a kid and decided that it was time to live here full time. You just can't beat living by Lake Michigan! I enjoy boating with my family, golfing when I can, touring the Northwest Michigan coastline, and taking advantage of everything that this exceptional area has to offer.

I love what I do and it gives me great satisfaction knowing that I am helping people accomplish one of the biggest transactions in their lives. I take pride in my work and knowing that I have given each transaction my very best. This alone has helped me work with some great people as well as their family and friends....
