Ben Wilkiemeyer

ABOUT

Ben is a member of our Industrial and Land Division and specializes in Sales, Leasing, Build-to-Suits, and Tenant/Buyer Representation. With his rigorous work ethic, Ben has successfully consummated transactions ranging anywhere from a \$32 million 180,000 SF hi-tech build-to-suit down to a 3,000 SF lease that was critical for his client's success. Regardless of the size and nature of his client's requirements and expectations, Ben has proven he is driven to meet and exceed them time and time again.

Previous to his tenure at Signature Associates, Ben worked as a contracts manager and estimator for the nation's largest automotive/industrial construction firm based right here out of Detroit, MI. With this strong background in industrial construction, Ben brings a unique approach and thorough understanding of real estate development. He can successfully navigate the complete process of identifying and procuring a piece of vacant land, drafting preliminary construction specifications, generating complete proposals and letters of intent, and closing with qualified tenants and buyers.
