LOOPNET: Commercial Listing Service

I specialize in client services by pro-actively representing my clients in the purchase and sale of commercial properties within the Greater Detroit area. I focus on delivering results, being accountable, accessible, and responsive. Some of my many strengths include, correctly pricing properties, giving Sellers recommendations on how to prepare their property to show while on the market, and closing transactions smoothly in today's tough real estate market! I'm all about communication, and verifying every detail! My entrepreneurial background, and more than 21 years of real estate experience has resulted in many successful closed sales and purchase transactions. This has set me apart as a commercial real estate professional, and has served to build my successful business by using referrals from my many past satisfied clients. My goal is to make your real estate transaction the greatest real estate experience you've ever had! If you're looking for the best then give me a call!! Let's talk real estate!
