Thomas Lasky

ABOUT

Mr. Lasky has thirty (30) years of experience in commercial real estate transaction management including significant representation of major companies, law firms, and health care groups in the sale and leasing of commercial real estate facilities throughout the United States.

Tom Lasky is Executive Vice President of Colliers International - Detroit. Having begun his career as an attorney in the real estate/corporate department of Clark Hill Law Firm, Tom joined Colliers International in 1987 as a principal in charge of the commercial brokerage division. Over the following decades, Tom represented significant national real estate interests in over 1,000 Colliers transactions worldwide.

In 2005, Lasky founded a real estate investment and development company with projects in four states, and Forum Group, a commercial real estate brokerage operation representing clients worldwide. The company developed over \$250 million of office, industrial and retail projects in regentrifying urban areas and brokered the acquisition and disposition of large regional and national facilities. Capitalizing on the overstimulated CRE market of the past few years, Lasky sold several out-of-state properties and operating interests, and returned to Colliers International in late 2017.

In addition to representing corporate interests as a tenant/buyer representative and property owners on a local level, Lasky continues to coordinate national transactions for companies on the deep Colliers International platform.
