ABOUT

I began my real estate career in 2002 after spending 20 years in the corporate world as a Human Resources Manager. I hold a Masters degree in Operations/Business Management, and have taken many classes since 2002 to further my experience and expertise in real estate. My decision to leave human resources was a hard one, but I made the move, and loving it ever since!!! Helping people with all their real estate needs is quite challenging especially in a market like today's market. It is forever changing!! With lots of determination, I have learned how to adapt, and continue to apply proven real estate practices such as right pricing, creative marketing, staying on top of technology, constantly watching inventory and appraisal shifts, and being a full-time dedicated agent.
